

APPALACHIAN CHAMBER MUSIC FESTIVAL

Strings Chamber Music Camp

2026

EXPLORE AND LEARN!

Discover this multi-day, intensive chamber music experience for string students of all levels and abilities, designed to help students push the boundaries of their string playing skills and expression. As a late-summer day camp, it's the perfect opportunity for students to dig into fresh music and approach the new school year ready to apply and further develop skills covered in this program.

Focus on ensemble skills

Students will participate in small chamber groups (duos, trios, quartets) with compatible levels and a chamber orchestra ensemble with side-by-side instruction with similar level students, and coachings from our artists intended to meet students where they are and encourage exploration and taking risks to try new things. No previous chamber music experience necessary.

Get Inspired

Perform in a masterclass to our faculty. Work with inspiring professional festival musicians and international artists who bring a wealth of experience to share with our students. Expect one-on-one coachings and fun creative learning sessions with guest artists!

Grow as a musician

Discover the joy of making music with others while pushing the boundaries of your string playing skills and expression. Our instructors lead students through interactive group activities that explore non-classical genres, how to sight read, improvisation and more.

Monday, August 3 - Friday, August 7

10 am - 3 pm each day

Application Deadline: March 15

Ages 12 - 18 | All levels encouraged to apply

violin, viola, cello, bass

"The ACMF Strings Camp was an incredible experience for our 13 year old. Our son was pushed to become a better musician and hone in on new skills pertaining to his instrument and life skills in general. This intensive week of music ignited in our son a true passion for playing his bass with confidence and skill. We are truly thankful for providing this catalyst in our son's musical journey."
